The children will make weekly "visits" to countries around the world. They will cook and eat delicious food from the country of the day, learn a little language from

that country and hear a folktale from that country. Yum and fun!

The outcome is spectacular! Children are introduced to new foods, stretch their pallets, and become citizens of the world!

**We are a nut free program.** No peanuts or tree nuts in any recipe. If your child has other allergies, please consult Director Mindy Myers before registering: 510-593-5285.
